

Instructions For Your Video Projection DVD Montage Package

Two months prior to your affair, please submit 40-50 family photos to us in any format. Be sure to number each photo with a pencil on the back in a lower corner. For a wedding montage, be sure to start with baby photos of the bride, then groom, dating and then engagement photos. For a Sweet 16 or Bar/Bat Mitzvah please start from birth up until present. You can also pick 2-3 songs for background music of your choice. The DVD will run from 8-10 minutes in length.

We will show the montage during your Event after dinner.

If you are having parents' dances during your wedding day, we can also make up a 4-minute montage of 5-8 photos of you growing up with your parents and show it during your very special spotlight dances. Copies will be made for you and your parents.

We also take digital candid photos of all your guests during the ceremony, cocktail hour, and reception, and then show them on our screen during your affair; we then save all photos on a CD for you as a keepsake at the end of the party.

Please note:

- There will be a fee of \$3.00 per extra photo once you have gone over the 50 photo limit
- We prefer digital photos on a CD rather than computer printouts

Thank you.
